Experience

Vocational

- May **Software Technology Intern**, *Intel Corporation*, Hillsboro, OR.
2015–Aug. Developed an IoT demo using the Intel Edison platform, MQTT, and NodeJS (presented at the 2015 Intel Developer Forum). Mentored participants of Intel hackathons and evangelized Intel technology. Produced high-quality documentation for configuring the Intel Edison.
2015
Oct. **QA/Documentation Intern**, *iStream Financial Services*, Brookfield, WI.
2012–Apr. Tested and wrote documentation/test cases for check cashing software. Led company efforts in beginning the use of automation software in testing procedures. Assisted fellow intern in quality assurance work, creating test cases in SpiraTest and executing said tests.
2013

Research and Development

- January **Web Developer/Research Assistant**, *University of Wisconsin-Milwaukee*, Milwaukee, WI.
2017–May
2017 Created an accessible archive website utilizing a modern JavaScript stack (React, Express, NodeJS, RethinkDB, etc.) Added search engine functionality via implementation of an Elastic-Search engine.
July **Graduate Research Assistant and Web Developer**, *Marquette University*, UW-Milwaukee, Milwaukee, WI.
2016–August
2016 Continued development of a cross-platform desktop application for completing surveys in occupational therapy. Initiated work on a project involving developing an accessible archival website using NodeJS and React.
May **Computational Sciences Summer Research Fellow**, *Marquette University*, UW-Milwaukee, Milwaukee, WI.
2016–July
2016 Developed a cross-platform application for creating usable and accessible surveys, written in LiveCode for the Windows/Mac desktop.
May **Grant Research Assistant/Lab Manager**, *Ubicomp Lab @ Marquette University*, Milwaukee, WI.
2013–May
2015 Lead multiple teams across 7+ grant-funded projects, using agile principles to consistently meet deadlines. Developed iOS access ratings, slope, and font tools in Objective-C for interdisciplinary project with UW-Milwaukee. Developed Android-based SMS server in Java and an iPad assessment app in Objective-C for a smoking cessation project.

Further employment history available upon request.

Education

- Dec. 2018 **Doctor of Philosophy in Computational Sciences**, *Marquette University*, Milwaukee, WI.
[Expected]
- June 2014 **Master of Science in Computing**, *Marquette University*, Milwaukee, WI.
- May 2012 **Bachelor of Science in Computer Science**, *University of Chicago*, Chicago, IL.

Talks and Panels

- **April 27th, 2018 – Ethics of Big Data Symposium – Milwaukee, WI**
Spoke during the "Data Science Oath" presentation on bias in data collection.
- **April 19th, 2018 – MHSA Career Day – Milwaukee, WI**
Alumni speaker, discussed potential careers for art students in STEM.
- **June 15th, 2016 – Write/Speak/Code 2016 Writing Panelist – Chicago, IL**
Discussed writing tips and strategies for female developers.

Recent Awards/Achievements

- **AISES/Intel "Growing the Legacy" Scholarship – August 2018**
- **Graduate School Travel Grant for RESNA 2018 – July 2018**
- **RESNA Student Scientific Paper Awards (Honorable Mention) – July 2018**
- **Social Innovation Grant – November 2016**
- **Grace Hopper Conference Scholarship – May 2016**
- **Graduate School Travel Grant for RESNA 2016 – May 2016**
- **Computational Sciences Summer Research Fellowship Award – April 2016**

Professional Organizations/Affiliations

- Intel Innovator [IoT/Intel Edison]
- American Indian Science and Engineering Society [**Sequoyah Fellow**]
- Institute of Electrical and Electronics Engineers - Student Member
- Association for Computing Machinery - Student Member

Computer skills

Programming	Node.JS, Javascript, C/C++, Objective C, Java, MySQL, HTML/HTML5, CSS/CSS3, Python	IDEs	Android Studio, Xcode, Eclipse, Canopy, Texmaker, Matlab, Mathematica, Visual Studio, LiveCode
Applications	Microsoft Office, Adobe Photoshop, Selenium, SpiraTest, Basecamp, Trello	Technical Skills	Video Editing, Image Editing, Troubleshooting, Hardware and Software Repair
